Item 2.02. Results of Operations and Financial Condition.

On May 13, 2015, Aldeyra Therapeutics, Inc. (the "Company") issued a press release and is holding a conference call regarding its results of operations and financial condition for the quarter ended March 31, 2015. The press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.

Various statements to be made during the conference call are "forward-looking statements" under the securities laws, including, but not limited to, statements regarding Aldeyra's plans for its product candidates. In some cases, you can identify forward looking statements by terms such as, but not limited to, "may," "might," "will," "objective," "intend," "should," "could," "can," "would," "expect," "believe," "anticipate," "project," "target," "design," "estimate," "predict," "potential," "plan" or the negative of these terms, and similar expressions intended to identify forward-looking statements. Such forward- looking statements are based upon current expectations that involve risks, changes in circumstances, assumptions and uncertainties.

Aldeyra is at an early stage of development and may not ever have any products that generate significant revenue. Important factors that could cause actual results to differ materially from those reflected in Aldeyra's forward-looking statements include, among others, the closing of Aldeyra's follow-on public offering, the timing and success of preclinical studies and clinical trials conducted by Aldeyra and its development partners; the ability to obtain and maintain regulatory approval of Aldeyra's product candidates, and the labeling for any approved products; the scope, progress, expansion, and costs of developing and commercializing Aldeyra's product candidates; the size and growth of the potential markets for Aldeyra's product candidates and the ability to serve those markets; Aldeyra's expectations regarding Aldeyra's expenses and revenue, the sufficiency of Aldeyra's cash resources and needs for additional financing; Aldeyra's ability to satisfy the conditions for the second tranche term loan and its ability to maintain compliance with its obligations under the Loan Agreement; Aldeyra's ability to attract or retain key personnel; and other factors that are described in the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of Aldeyra's Annual Report on Form 10-K for the year ended December 31, 2014 which is on file with the Securities and Exchange Commission (SEC) and available on the SEC's website at www.sec.gov. Additional information will also be set forth in those sections of Aldeyra's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015, which will be filed with the SEC in the second quarter of 2015.

In addition to the risks described above and in Aldeyra's other filings with the SEC, other unknown or unpredictable factors also could affect Aldeyra's results. No forward-looking statements can be guaranteed and actual results may differ materially from such statements. The information conveyed on the conference call is provided only as of the date of the call, and Aldeyra undertakes no obligation to update any forward-looking statements presented on the call on account of new information, future events, or otherwise, except as required by law.

The information in Item 2.02 of this Current Report on Form 8-K and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.

Description

99.1 Press Release of Aldeyra Therapeutics, Inc.

Aldeyra Therapeutics Reports First Quarter 2015 Financial and Operating Results

Initiated Two Phase II Clinical Trials and Secured \$9.0 Million In Net Proceeds Through Two Private Placements In Q1

Follow-On Public Offering Resulting in \$18.8 Million In Net Proceeds Expected to Close in May

Lexington, MA, May 13, 2015 – Aldeyra Therapeutics, Inc. (NASDAQ: ALDX) (Aldeyra), a biotechnology company focused on the development of products to treat diseases related to free aldehydes, today announced its financial results for the first quarter ended March 31, 2015.

Recent Highlights

- Secured \$9.0 million in net proceeds through two private placements in January
- Estimated \$18.8 million in net proceeds through a follow-on public offering expected to close on May 13, 2015
- Initiated Phase II clinical trial of NS2 for the treatment of noninfectious anterior uveitis
- Initiated Phase II clinical trial of NS2 for the treatment of Sjögren-Larsson Syndrome (SLS)
- Presented novel data on NS2 at the 2015 Society for Inherited Metabolic Disorders Annual Meeting and the 2015 American Academy of Allergy Asthma & Immunology Annual Meeting

Todd C. Brady, M.D., Ph.D., President and CEO of Aldeyra, commented, “From a clinical perspective, the first three months of 2015 mark one of the most active quarters in Aldeyra’s history with the launch of two Phase II clinical trials of NS2. Both the Sjögren-Larsson Syndrome (SLS) trial and noninfectious anterior uveitis trial have begun enrollment and we expect to begin to provide preliminary data for these indications by the end of 2015.

“Our expected \$18.8 million capital raise from our follow-on public offering, coupled with the \$9.0 million we secured through our private placements in January, have generated a strong cash position as we move into the second half of 2015. With this capital, we expect to fund our current clinical trials, and will have the ability to explore the potential of NS2 in additional indications.”

First Quarter 2015 Financial Results

For the first quarter of 2015, Aldeyra reported a net loss attributable to common stockholders of approximately \$2.1 million compared to net loss of approximately \$13,000 for the first quarter of 2014. Basic and diluted net loss per share was \$0.32 for the three months ended March 31, 2015 compared to basic net loss per share of \$0.04 and diluted net loss per share of \$4.04 for the same period in 2014.

Research and development expenses totaled approximately \$1.1 million for the first quarter of 2015 compared to approximately \$444,000 for the first quarter of 2014. The year-over-year increase of approximately \$692,000 in research and development expenses was primarily related to an increase in Aldeyra's external research and development expenditures and increased headcount, including non-cash stock based compensation of \$299,000.

For the first quarter of 2015, general and administrative expenses were approximately \$972,000 compared to approximately \$801,000 for the first quarter of 2014. The increase of approximately \$171,000 is primarily related to increases in costs associated with being a public company and the addition of general and administrative personnel, including non-cash stock based compensation of \$341,000.

Total operating expenses for the first quarter of 2015 were approximately \$2.1 million compared to total operating expenses of approximately \$1.2 million for the first quarter of 2014.

About NS2

NS2 is an aldehyde-binding small molecule based on an innovative platform technology focused on trapping free aldehydes, which are toxic and pro-inflammatory mediators of numerous diseases. By decreasing aldehyde load, NS2 may mitigate excessive inflammation and address diseases where aldehydes are thought to mediate pathology.

About Aldeyra Therapeutics

Aldeyra Therapeutics, Inc., is a biotechnology company focused primarily on the development of products to treat diseases thought to be related to endogenous free aldehydes, a naturally occurring class of toxic molecules. The company has developed NS2, a product candidate designed to trap free aldehydes. Aldeyra has initiated clinical testing of NS2 for the treatment of Sjögren-Larsson Syndrome and noninfectious anterior uveitis. NS2 has not been approved for sale in the U.S. or elsewhere.

Safe Harbor Statement

This release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, including statements regarding Aldeyra's plans for its product candidates. In some cases, you can identify forward-looking statements by terms such as "may," "might," "will," "objective," "intend," "should," "could," "can," "would," "expect," "believe," "anticipate," "project," "target," "design," "estimate," "predict," "potential," "aim," "plan" or the negative of these terms, and similar expressions intended to identify forward-looking statements. Such forward-looking statements are based upon current expectations that involve risks, changes in circumstances, assumptions and uncertainties. Aldeyra is at an early stage of development and may not ever have any products that generate significant revenue. Important factors that could cause actual results to differ materially from those reflected in Aldeyra's forward-looking statements include, among others, the closing of Aldeyra's follow-on public offering, the timing of enrollment and completion of Aldeyra's clinical trials, the timing and success of preclinical studies and clinical trials conducted by Aldeyra and its development partners; the ability to obtain and maintain regulatory approval to conduct clinical trials and to commercialize

Aldeyra's product candidates, and the labeling for any approved products; the scope, progress, expansion, and costs of developing and commercializing Aldeyra's product candidates; the size and growth of the potential markets for Aldeyra's product candidates and the ability to serve those markets; Aldeyra's expectations regarding Aldeyra's expenses and revenue, the sufficiency of Aldeyra's cash resources and needs for additional financing; the rate and degree of market acceptance of any of Aldeyra's product candidates; Aldeyra's expectations regarding competition; Aldeyra's anticipated growth strategies; Aldeyra's ability to attract or retain key personnel; Aldeyra's ability to establish and maintain development partnerships; Aldeyra's expectations regarding federal, state and foreign regulatory requirements; regulatory developments in the United States and foreign countries; Aldeyra's ability to obtain and maintain intellectual property protection for its product candidates; the anticipated trends and challenges in Aldeyra's business and the market in which it operates; and other factors that are described in the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of Aldeyra's Annual Report on Form 10-K for the year ended December 31, 2014 which is on file with the Securities and Exchange Commission (SEC) and available on the SEC's website at www.sec.gov. Additional information will also be set forth in those sections of Aldeyra's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015, which will be filed with the SEC in the second quarter of 2015.

In addition to the risks described above and in Aldeyra's other filings with the SEC, other unknown or unpredictable factors also could affect Aldeyra's results. No forward-looking statements can be guaranteed and actual results may differ materially from such statements. The information in this release is provided only as of the date of this release, and Aldeyra undertakes no obligation to update any forward-looking statements contained in this release on account of new information, future events, or otherwise, except as required by law.
